

QUALITY POLICY

BACH COMPOSITE INDUSTRY is one of the world's leading specialists in premium-quality composites. In any Industry, anywhere in the world, our mission is always the same: to make sure you achieve your goals by supplying the composites you need to deliver superior products to your customers.

BACH COMPOSITE INDUSTRY has provided leading wind industry manufacturers with groundbreaking composites for more than 15 years.

All of the activities carried out at **BACH COMPOSITE ESPAÑA** are orientated towards the complete satisfaction of our clients balanced with our stakeholders needs, for which we count on the total support of both our employees and suppliers.

Therefore, **BACH COMPOSITE ESPAÑA's** Quality Policy Statement acts as a basic pillar within the company's General Policy to establish, implement and keep the quality objectives necessary in order to achieve complete stakeholders satisfaction.

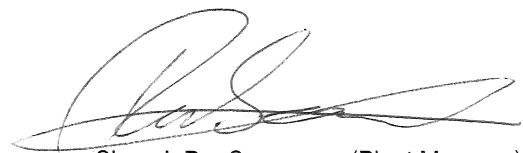

With the goal of reaching the set objectives, the Management has dedicated all of its economic, technologic and human resources towards this, in a way that the company's organization, the policy of its investors, the development of new methods and human resources are orientated with the priority of satisfying our customer's and stakeholder's needs.

Our main principles of action are:

- **Achieve the complete and total satisfaction of our clients**, analyzing all services from different perspectives, optimizing their functionality.
- **Creation and maintenance of an atmosphere of quality**, which is assumed by each and every employee and is the basis of our activity.
- **Direct our efforts towards continual quality improvement of our services**, and improve the effectiveness of the QMS like so the risk evaluation of our processes, in a way which the **reaction capacity and adaptability** of **BACH COMPOSITE ESPAÑA** exceeds the expectations of the market.
- **Comply with all of the applicable Standard and Legislation requisites**, which serve as a frame of reference to establish the Quality Objectives.
- **Guarantee our employees the proper training, motivation and technical means** necessary to efficiently carry-out and develop their tasks & activities.

This policy, suited to our organization, is communicated to and understood by all personnel, whom exists a commitment from their side to follow and be part of it.
